

2024

Corporate Sponsorships

Companies with gender-diverse executive teams are **21%** more likely to experience above-average profitability.

Women are drastically underrepresented on boards—occupying only **20%** of seats.

Boards with more women have a **66%** higher return on invested capital than companies with an all-male board.

The rate women are being hired into senior leadership roles has fallen to **32%**, the same as 2020.

Women in Revenue boldly supports and fuels women in revenue-generating roles (marketing, sales, customer success and revenue operations). We have over 7,000 members in 64 countries. At every stage of their career, we help our members excel through community, education, visibility, mentorship and inspiration.

We achieve this through stellar programs like:

- **Mentorship:** We offer mentorship matching on topics ranging from “Negotiation & Influencing”, “Leadership & People Management” to “Forecasting” and Goal Setting”. Our program is built to educate and elevate current and future female revenue leaders.
- **Speaker Training and Placement:** In addition to placing speakers, our Speakers Bureau provides training sessions led by subject matter experts aimed at empowering our speakers to boost their personal brand and visibility, equipping them with tools to chart their own path to success.
- **Community of Experts:** Members gain access to our vibrant community through Slack. Connect with professionals to seek advice on compensation, receive project feedback, explore job opportunities, and more. Members also receive priority invitations and discounts to Women in Revenue events.

It's time for a change.
